**Mehr Raum für Ideen – mehr Ideen für Räume.  
Kreative Menschen lassen sich nicht gerne einengen.  
Denn Fantasie ist grenzenlos.  
Die neue FunderMax Interior Kollektion.**

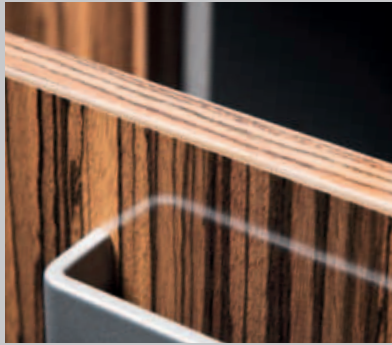

*More room for ideas – more ideas for rooms.  
Creative people don't like being boxed in.  
Because imagination knows no limits.  
The new FunderMax Interior Collection.*

FUNDERMAX

## Star Favorit

FunderMax Star Favorit Platten sind melaminharzbeschichtete Flachpressplatten Typ MFB nach EN 14322 und EN 14323. In der Standardausführung aus Holzspanplatten der Qualifikation E1 – P2 und harzgetränkten Dekorfilmen erzeugt. Je nach Ausführung können Star Favorit Platten auch im Feuchtbereich eingesetzt oder schwer entflammbar ausgerüstet werden. Star Favorit Platten sind für die Verwendung im Innenbereich, für alle Arten von Möbeln, Fronten im Wohn- und Objektbereich oder im Ladenbau geeignet.

*FunderMax Star Favorit panels are melamine resin laminated flat-pressed panels of type MFB made in accordance with EN 14322 and EN 14323. In their standard version they are made from E1 – P2 chipboard and resin-impregnated decor films. Depending on finish, Star Favorit panels can also be used in damp areas or made heavily inflammable. Star Favorit panels are fit for interior use, for any type of furniture and fronts in private and commercial areas or in store construction.*

### Star Favorit Superfront

Star Favorit Superfront sind direkt melaminharzbeschichtete Platten mit Mehrblattaufbau von ca. 0,5 und 1,0 mm. Der größere Schichtaufbau bringt bessere Oberflächenruhe und höhere Schlagfestigkeit mit sich.

#### Anwendungsgebiete

- \_Möbelbau
- \_Möbelfronten mit Gehrungskanten
- \_Wandschutz

#### Standard

Spanplatte E1–P2 (nach EN 312-2)

#### Trägerplattenvarianten

Spanplatte E1–P5 (nach EN 312-5)

Spanplatte E1–B1 (siehe Star Favorit B1)

Raumgewicht ca. 750 kg/m<sup>3</sup>

#### Oberflächen und Dekore

Laut gültiger FunderMax Star Favorit Kollektion.

Erzeugung auf Bestellung –

bitte berücksichtigen Sie entsprechende Lieferzeit.

### Star Favorit Superfront

Star Favorit Superfront are melamine resin laminated panels manufactured in a direct lamination process, with laminate thickness of approx. 0.5 mm and approx. 1.0 mm.

The greater thickness of the individual layers allows us to produce a more durable panel with higher resistance to impact.

#### Applications

- \_Furniture
- \_Furniture with mitre joints
- \_Wall cladding

#### Standard

Chipboard panel E1–P2 (according to EN 312-2)

#### Particle board variants

Chipboard panel E1–P5 (according to EN 312-5)

Chipboard panel E1–B1 (see Star Favorit B1)

Density approx. 750 kg/m<sup>3</sup>

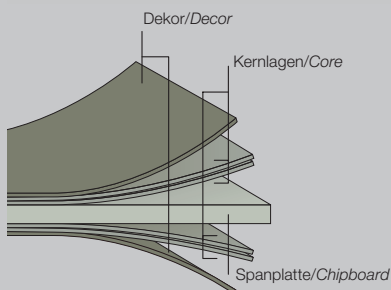

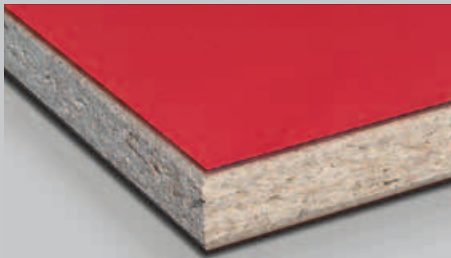

#### Surface finishes and decors

According to the current FunderMax Star Favorit collection.

Made to order – please take into consideration corresponding delivery times.

FUNDERMAX

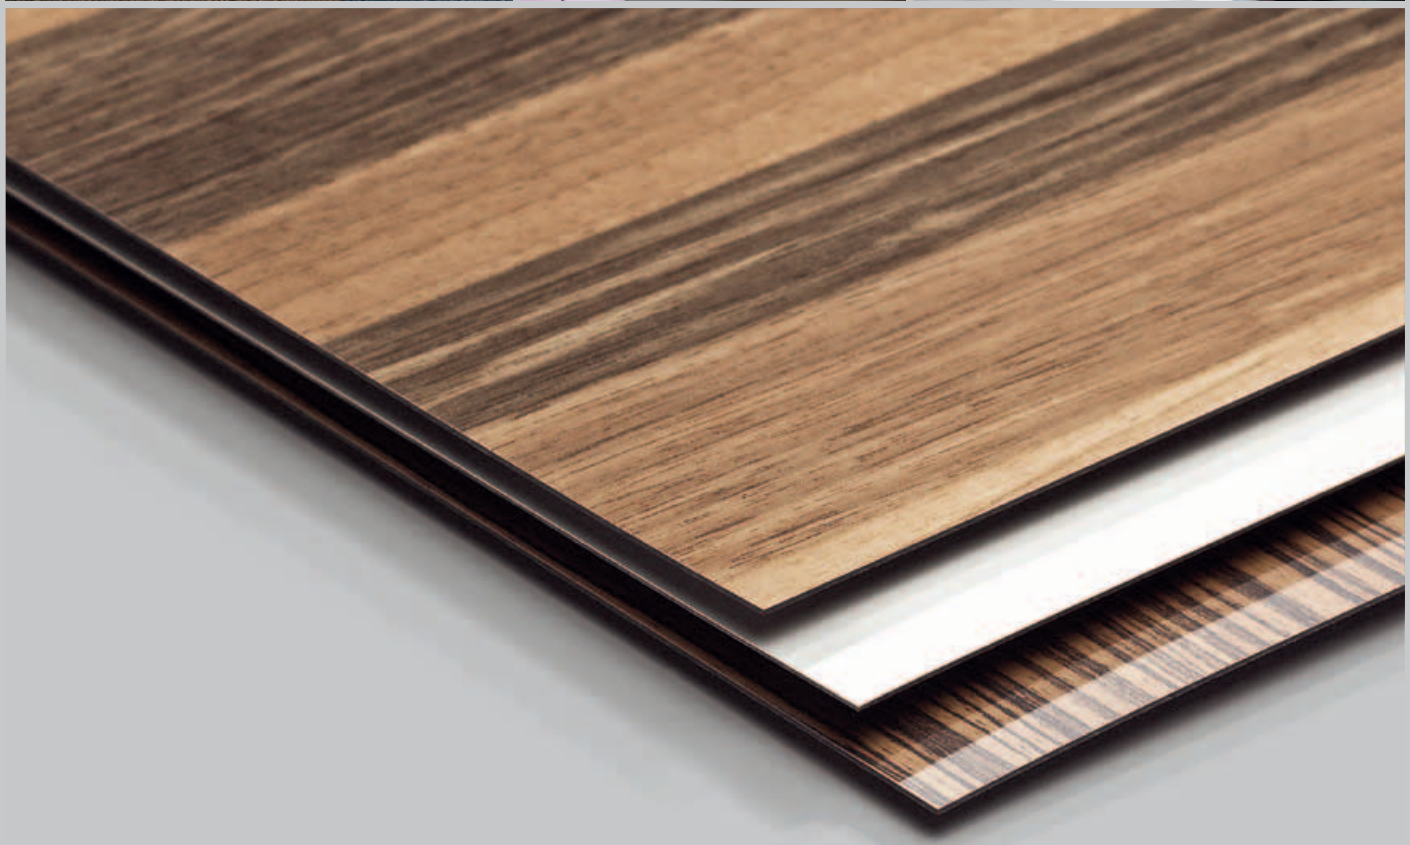

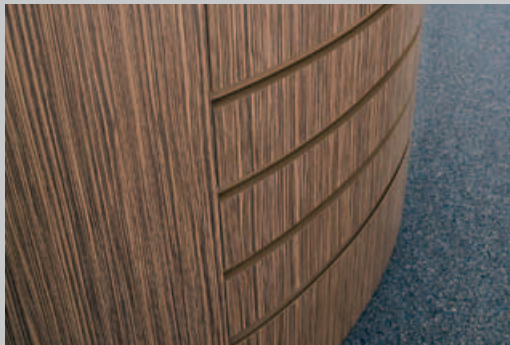

## Schichtstoff

Max Schichtstoffplatten sind duromere Hochdrucklamine (HPL = High Pressure Laminates) Typ HGS und HGP nach EN 438-3. Diese Platten zeichnen sich durch hohe Widerstandsfestigkeit gegen Abrieb, Stoß und Verkratzen sowie durch eine gute Wärmebeständigkeit aus. Verschiedene Produktausführungen in F-Qualität oder mit einer Aluminiumeinlage erweitern das Einsatzspektrum der Schichtstoffplatte über den Möbelbau oder Ladenbau hinaus. Wie z.B. den Schiffsbau oder in der Türenindustrie.

FUNDERMAX

## Decorative Laminates

*Max Decorative Laminates are duroplastic high pressure laminates (HPL) of types HGS and HGP and made in accordance with EN 438-3. These panels are highly resistant to abrasion, impact and scratching and have a good heat resistance. Various product models in F Quality or with an aluminium insert expand the laminate's areas of application beyond furniture or store construction – such as ship construction or in the door manufacturing industry.*

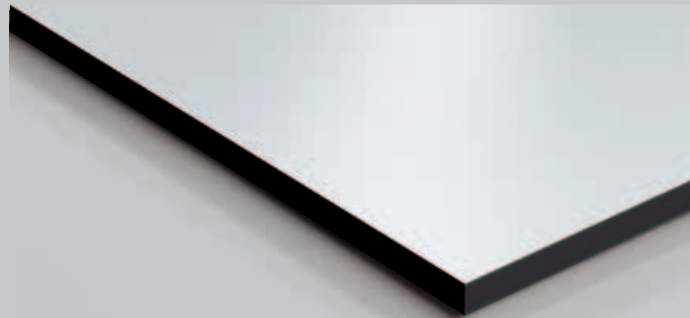

**FUNDERMAX**

## Compact Interior

FunderMax Compact Interior Platten sind duromere Hochdruck-Schichtstoffplatten (HPL) nach EN 438, die in Laminatpressen unter großem Druck und hoher Temperatur erzeugt werden. Sie eignen sich besonders für hochbeanspruchte und dekorative Anwendungsgebiete (z.B. Möbel, Büromöbel, Wandverkleidungen, Sanitäreinrichtung etc.).

*FunderMax Compact Interior panels are high-pressure laminate panels (HPL) manufactured to standard EN 438 that are produced in laminate presses under high pressure at high temperature. They are particularly suitable for demanding and decorative applications (e.g. furniture, office furniture, wall cladding, sanitary facilities etc.).*

### Max Compact Interior

Max Compact Platten werden standardmäßig mit beidseitigem Dekor geliefert. Der Kern ist schwarz ausgeführt, die Oberflächen sind in verschiedenen Strukturen lieferbar. Siehe unser aktuelles Lieferprogramm.

#### Max Compact Interior

*As a standard, Max Compact panels come with decors on both sides. The core is black and the surfaces are available in different structures. See our current delivery programme.*

### Max Alucompact (42, 06)

Die Ausführung entspricht der Max Compact Interior Platte, hat aber zusätzlich beidseitig unter der Dekorschicht bzw. im Kern Aluminiumbänder eingelegt. Dadurch ist es möglich, die Platte trotz Ausfräsungen stabil zu halten. Außerdem kann diese Plattenvariante ohne Hinterlüftung als Wandverkleidung eingesetzt werden. In der Möbelanwendung bestechen die Kanten als moderne Designelemente.

#### Max Alucompact (42, 06)

*The design is the same as the Max Compact Interior panel, but is additionally provided (on both sides) with aluminium bands under the decorative layers or in the core. This ensures that even perforated panels are extremely stable. Furthermore, this panel type can be used as wall cladding without rear ventilation. In furniture applications, the edges stand out as modern design elements.*

### Max Compact mit weissem Kern

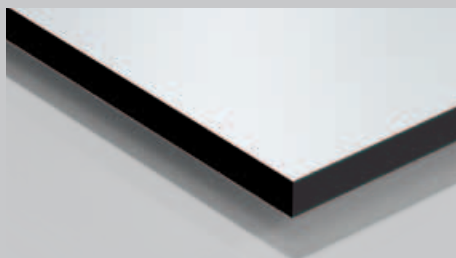

Gleichartig in Form und Funktion weisen diese Compact Platten doch den feinen, stilvollen Unterschied auf: der Kern ist in exquisitem Weiss gehalten. Geringe Farbunterschiede zur Max Schichtstoffplatte und Max Compact Platte mit schwarzem Kern sind möglich. Im Kombinationsfall bitte die Muster vergleichen – die Dekore sind immer beidseitig gleich.

#### Max Compact with White Core

*Though similar in form and function, these Compact panels exhibit the fine stylish difference: The panel core remains an exquisite white. Slight colour differences to the Max Laminate panels and Max Compact panels with a black core are possible. When combining panels, please compare the samples. The decor is always the same on both sides.*
